

# Egco<sup>®</sup>box® FBXL14-10-CB-H180-280-PS

Item No. EBFBXL1410CB-PS

[▶ more product details](#)

Egco<sup>®</sup>box® FB-CB, steel-to-concrete thermal break, moment and shear force

- For carriers for the transmission of negative moments and positive shear forces
- For freely cantilevered steel structures
- Type FB-CB with compression bearing

[▶ more information](#)

## Technical Data

Unit height	180 - 280 mm	Insulation	Polystyrene
Joint width	120 mm	Length of tensile bars from insulation	860 mm
Concrete cover	20 mm	Storage unit	Pce
Unit length	220 mm	WG:	620
Length of compression bars from insulation	- mm
