

Zemseal® Acrylic pressure-sensitive adhesive tape

Item No. ZSACRYLKB50

[▶ more product details](#)

Zemseal® adhesive tapes

- The 120SV acrylic tape with non-woven backing is a special fleece tape for sealing fittings, membrane damage or butt joints on the concrete side.
- The double-sided 50S acrylic adhesive tape is used to attach Zemseal® membranes on vertical and inclined surfaces, and for producing tape head butts.
